Isaiah Noel Pulido Salazar

Software & Web Developer

isaiahnoelsallazar474@gmail.com | +63 981 598 1464 | Biñan City, Laguna, Philippines | github.com/isaiahnoelpulidosalazar

EDUCATION

Bachelor of Science in Information Technology (BSIT), Cum Laude 2022 - 2026
STI College Santa Rosa

PROJECTS

Autolandia Sales and Revenue Report Generation System | Lead Programmer 2024 - 2025

- Led development of a Windows desktop sales and billing system for a car wash and detailing business in C#, WinForms, and SQLite, covering transactions, size-based service pricing, customer and vehicle records, employee time tracking, and payments with receipts
- Automated revenue reporting and employee commission calculation (30% of each paid bill, split among assigned staff, with discounts applied), replacing manual tallying and adding sales charts, PDF exports, an audit log, role-based admin access, and database backup and restore

Resume Builder | Developer 2026
resume-builder.inpsstudio.com

- Engineered a local-first resume builder in React and TypeScript with live PDF preview and drag-and-drop section reordering, giving users a polished, downloadable resume in minutes without creating an account
- Integrated the Gemini API to generate AI-assisted rewrites of resume summaries and bullet points, with an apply-or-dismiss review step and automatic theme suggestions based on the user's industry

Community-Supplied Area Condition Report Website | Developer 2026
labs.inpsstudio.com/csacr

- Built a crowdsourced hazard-mapping web app in React and TypeScript with an interactive Leaflet map, severity-coded pins, and in-browser photo compression, letting residents report road and building conditions in under a minute with no account required

CERTIFICATIONS

Microsoft Certified: Azure AI Fundamentals (AI-901) | Microsoft 2026
Web Development (HTML, CSS, JS Essentials) | Cisco Networking Academy (DICT-ITU DTC) 2026

Champion, STI Tagisan ng Talino Codefest 2022–23 (Local Level) | STI College Santa Rosa 2023

WORK EXPERIENCE

Freelance Aug 2026 - Present
Remote

- Delivered custom websites (PHP, Wordpress, HTML/CSS/JS) and native Android apps (Java), managing full-stack project lifecycles from client briefs to final deployment

IT Support Intern Feb 2026 - May 2026
Fastock Warehousing Inc. | Santa Rosa, Laguna

- Designed and built a prototype PHP/MySQL web application to automate OJT attendance tracking, implementing user authentication and daily log features that successfully validated manual entry reduction during internal testing
